Welcome to the Wild West Domains Reseller Extranet
This website (i.e. Extranet) allows you to manage your contact information, product pricing, web site look and feel, and support options.
What's New
5/19/03 WebSite Tonight - Brand new product lets your customers build web sites quickly and easily
5/16/03 Receipt Info Page - Additional customization added to your store
5/5/03 Domain Alert & Backordering - Another great domain product added to your store!
5/1/03 IdeaRegister - New product allows Federal Copyright Protection
more..
Extranet Tips:
Extranet Welcome Guide
Click Here to download the extranet Welcome guide. It will provide you with some assistance to help set up your reseller store.
Quick Tips on buying at the discount rate:
1. Review discount price list (click here)
2. Identify customers in your store to get the discounted rate (click here)
3. Discount prices will show up in the shopping cart at the end of the purchase
4. Purchases made by a discounted customer do not show on your commission report
5. After you have identified your discounted customer, you can purchase a Biz or US name at the discounted promotion rate by clicking here.

Welcome to the Wild West Domains Reseller Extranet
This website (i.e. Extranet) allows you to manage your contact information, product pricing, web site look and feel, and support options.
Use the Wild West Domains, Inc (WWD) Reseller Extranet to customize your Web site and manage your reseller account.
To make customizing your Web site easier, WWD has provided an application programming interface (API) to integrate WWD's services into your website, providing a wide array of product to your customer base while maintaining your own unique look and style.
You should begin by downloading the WWD API Guide, which will provide you with detailed instructions to connect your web site to the Wild West Domains API.
DOWNLOAD API DOCUMENTATION & SAMPLES
If you need assistance, please view our Frequently Asked Questions or contact technical support at APISupport@wildwestdomains.com or 480-505-8891.
What's New
6/11/03 Pop-Up Xploder & StealthRay - Pop-up Blocker, file encrypter and more added to your store
5/19/03 WebSite Tonight - Brand new product lets your customers build web sites quickly and easily

Configuring your IP Address(es)
To access the API testing and live environments, you will need to provide to us the IP Address information for your server(s). Please provide the information for both our testing - the environment you'll be developing and testing against -- and live environments. You do not need 5 IP addresses. If you want to supply more than 5 please fill in the first five and additional boxes will become available.
NOTE: Certificate name is the "common name" listed on your secure certificate.
Test Environment:
IP Address 1: 172.16.132.0 Certificate Name(optional): delete
IP Address 2: 172.16.200.0 Certificate Name(optional): delete
IP Address 3: 172.16.132.36 Certificate Name(optional): delete

Your Status: Uncertified
In order to gain access to the Test and Live Environments you must certify that you're able to communicate with WWD's systems and write code to accomplish the following
Check the availability of domain names
Make domain purchases
Purchase Privacy for domains
Query for domain information
Renew domain names
Transfer a domain name
The certification test is documented in the API instructions. Click here to download.

After your customers purchase items, they'll be using tools that are provided by Wild West Domains and are located here. When any of your users are in this site, Wild West Domains provide many cross-selling and upgrading opportunities - such as upgrading to a higher version of your products.
In order to process any requested orders, we need certain links back to your Web site. Please provide the link information below. If no link is provided, then that option will not appear in the management tools section that we provide.
